Introduction

Nash County has an estimated population of 94,030. This is only a slight decrease from 94,402 in 2010. At the census tract level, population decreased in the town of Rocky Mount and in the southwest corner of the county. The census tracts exhibiting net population decrease also have higher poverty rates and lower median incomes compared to the rest of the county. The central region is the wealthiest in the county and has a higher percentage of white households. Nash County is majority African American or Black. Black households have the lowest median income in the county, and have higher rates of poverty compared to white households.

While the overall family and child poverty rates are similar to the state and national averages, Nash County has a higher rate of poverty among adults age 65 and older. This is partly a result of the county having an older population. The largest age groups in Nash County are 45-54 and 55-64. Nash County also has a larger single mother population, and a higher rate of poverty in single mother households compared to the rest of the state and nation.

The population over age 25 in Nash County has a lower rate of bachelor's degree attainment and a higher high school dropout rate than the rest of the state. Nearly half of the public schools in Nash County were designated as 'low performing' in 2020. A significant percent of households in Nash County lack access to a computer or the internet. Students without internet access face more obstacles in their education, especially during the COVID-19 pandemic.

Overview of Barriers Nash County, NC	Black Households	Hispanic/LatinX Households	White Households
2019 Median Household Income	\$39,538	\$46,900	\$60,821
2019 Poverty Rate	20.3%	25.4%	10.3%
% of Population with Bachelor's Degree	14%	11%	26%

Summary of Barriers

Income & Poverty

	Nash County	North Carolina	United States
Median Household Income (2019)	\$49,537	\$54,602	\$62,843
Senior Poverty Rate (65+) (2019)	12.2%	9.1%	9.3%
Poverty Rate: Single Mother Households (2019)	5.8%	5.0%	4.3%

Nash County has a lower median household income compared to the rest of the state and nation. The senior poverty rate is slightly (~3%) higher than the state and national average.

40.2% of children live in single-parent households. 10.3% of households are single mother households. the demographic with the highest poverty rate in Nash County is women ages 25 to 34, who make up 9.3% of the population living in poverty

Internet Access

% of Households w/o Computer	14.6%
% of Households w/o Internet	21.03%

Internet and computer access is a major barrier in Nash County and has become more essential during the COVID-19 pandemic. Nash County residents without a computer or internet access cannot work from home. Students with limited internet and computer access face increased difficulty keeping up with their online education.

Education

Nash County is slightly less educated

Out of the 28 public schools in Nash County, 26 received an NCDPI report card ranking of 'C' or lower. 13 schools in the county were classified as 'low-performing' following the 2019-2020 school year.

Barriers by Race & Ethnicity

Overview

Figure 1: Median Income by Race

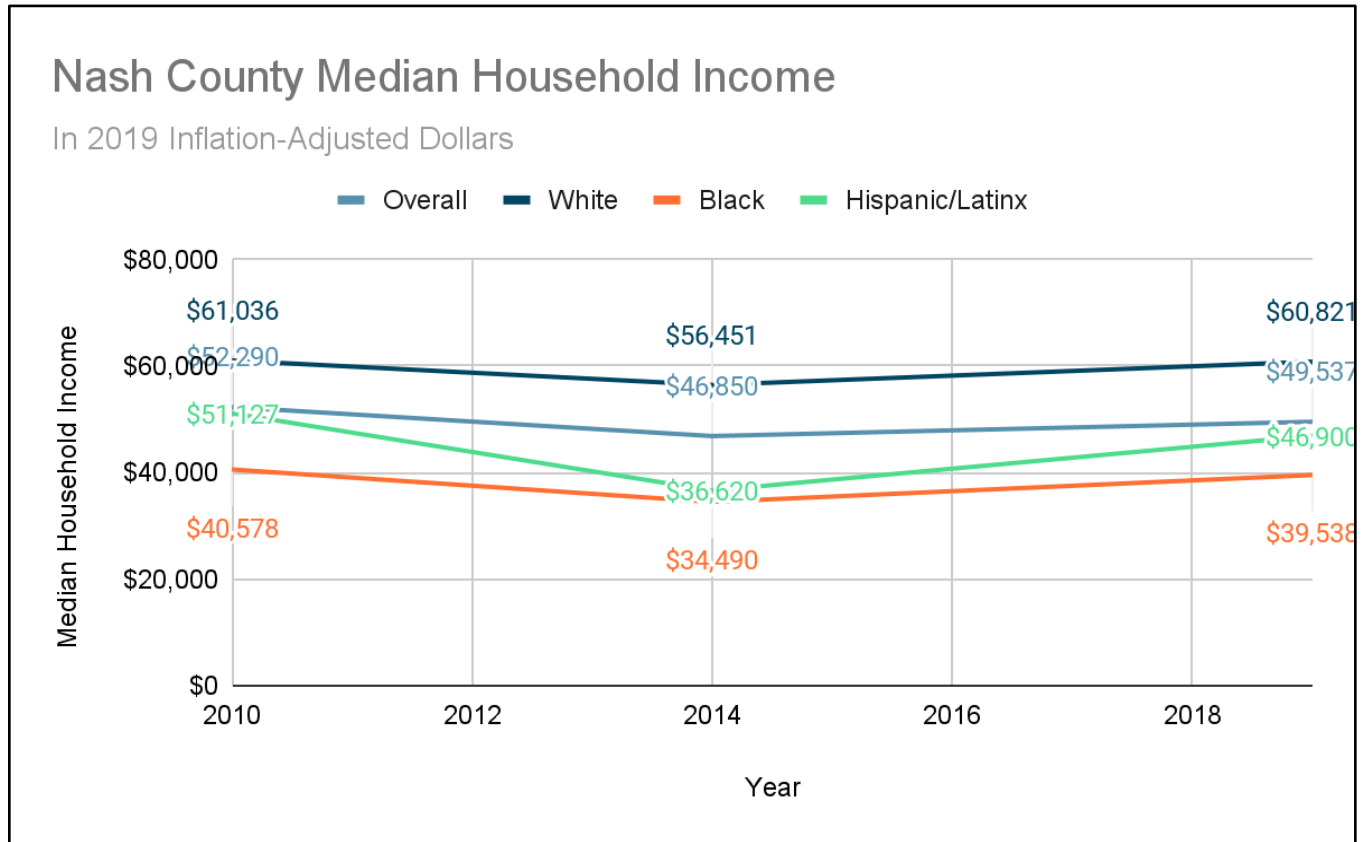

Figure 2: Poverty by Race

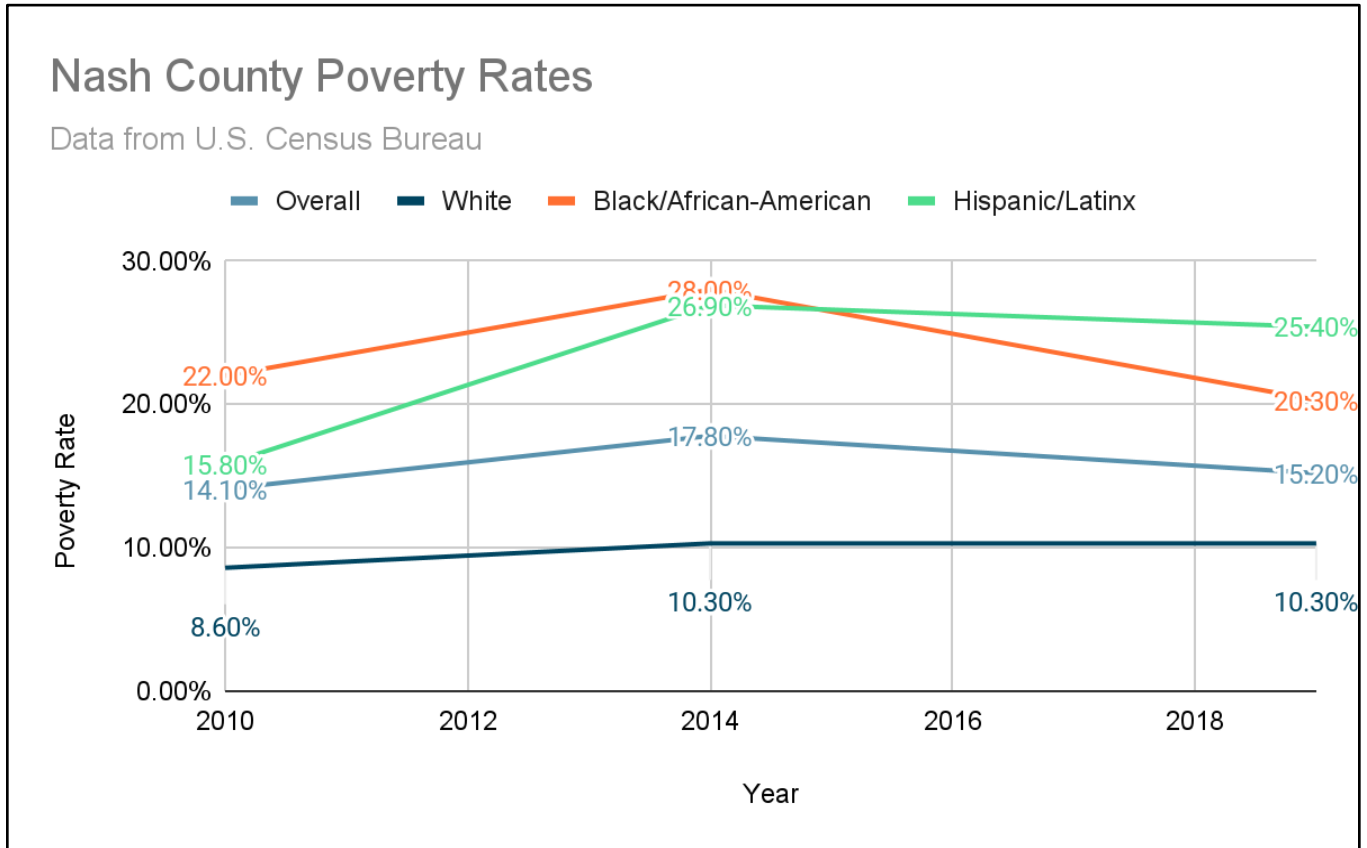

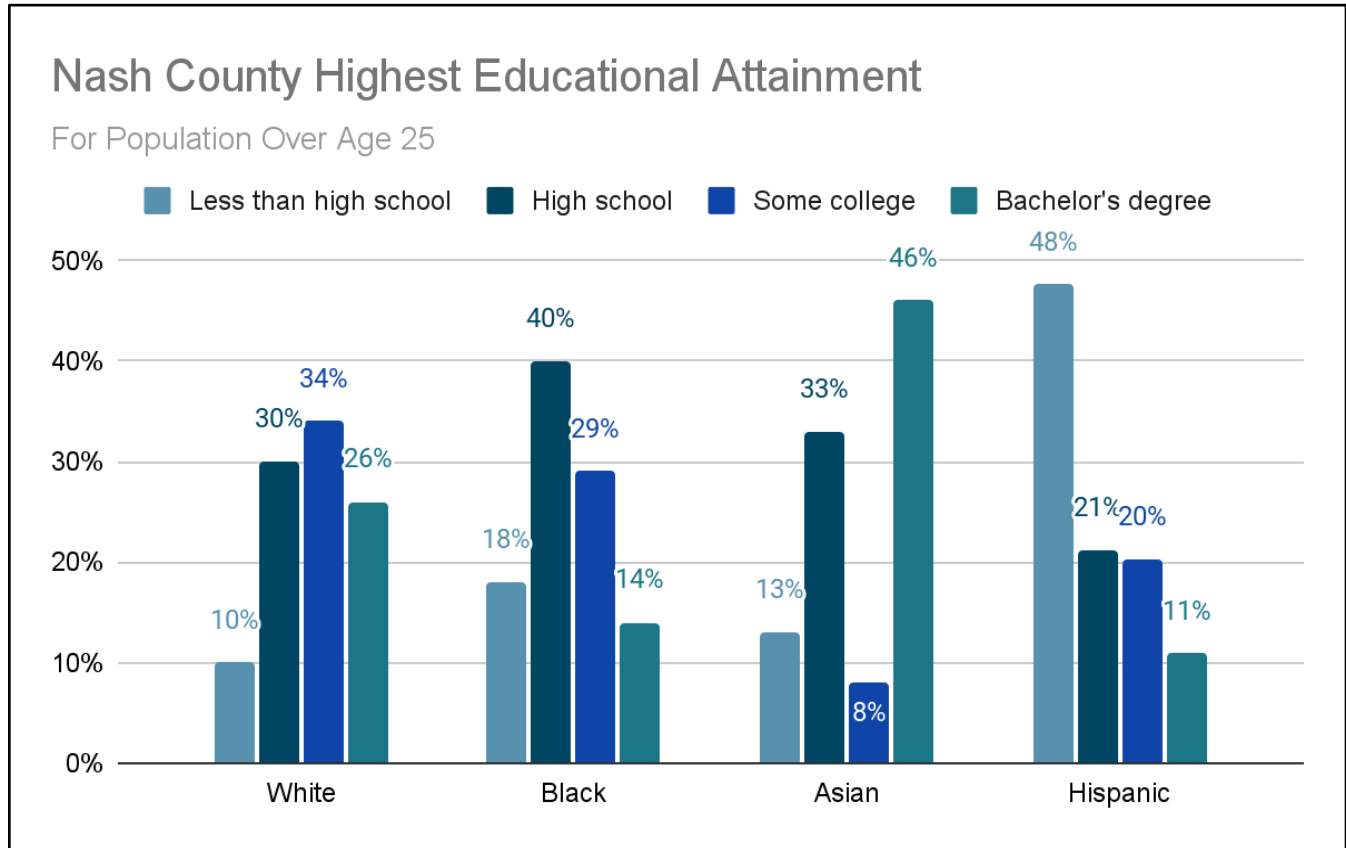

Figure 3: Educational Attainment by Race¹

Black & African American

- Black households have the lowest median income in Nash County.
 - The median income for Black households was \$39,538 in 2019, while the overall median income for Nash County was \$49,537.
 - Median income for Black households is consistently \$20-25,000 lower than the median household income for white households (see *Figure 1*).
- 20.3% of Black households lived in poverty in 2019, compared to 15.2% of all Nash County residents.
 - The poverty rate for Black households is consistently 15-20% higher than the poverty rate for white households (see *Figure 2*).
- Black households have lower rates of higher educational attainment.

¹TownCharts. (2021). *Nash County, North Carolina Education Data*. <https://www.towncharts.com/North-Carolina/Education/Nash-County-NC-Education-data.html>

- 18% of Black residents over age 25 did not graduate high school.
- 14% of Black residents over age 25 have a bachelor's degree, which is lower than the rate of bachelor's degree attainment for white and Asian residents.

Hispanic & Latinx

- The median income for Hispanic households was \$46,900 in 2019. The overall median income in Nash County was \$49,537.
 - The median income for Hispanic households is consistently \$20-25,000 lower than the median income for white households (see *Figure 1*)
- Hispanic and Latinx households have the highest poverty rates in Nash County.
 - In 2019, 25.4% of Hispanic households lived in poverty.
 - The poverty rate for Hispanic and Latinx households is consistently 10-15% higher than the poverty rate for white households (see *Figure 2*).
- Hispanic and Latinx households have the lowest rates of higher educational attainment in Nash County.
 - 48% of Hispanic or Latinx residents above age 25 did not complete high school.
 - 11% of Hispanic or Latinx residents over age 25 have a bachelor's degree.

Social & Community Context

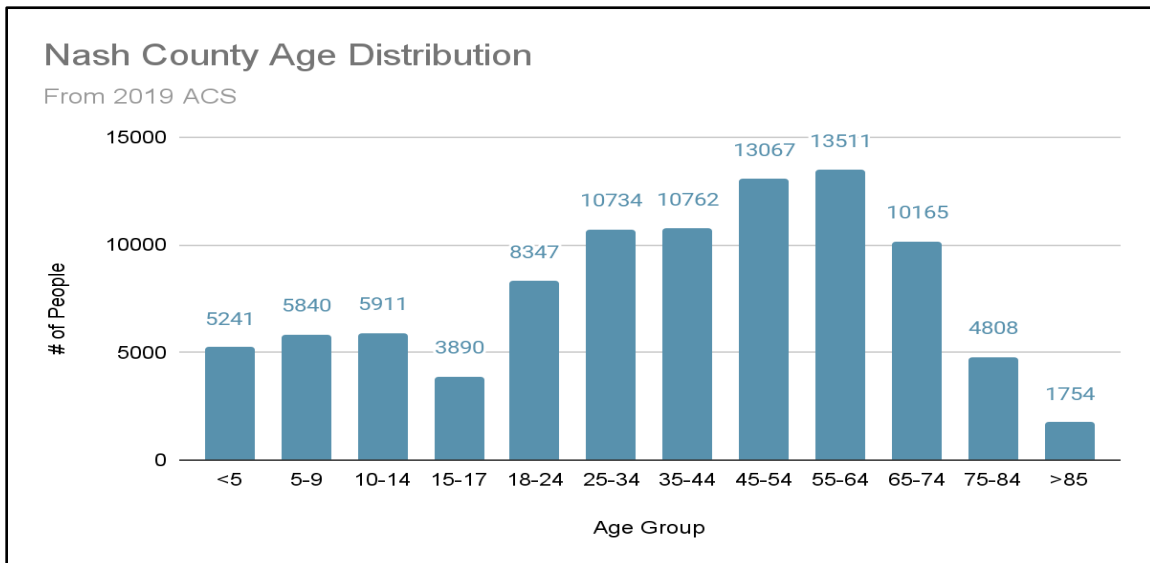

Demographics

Population

- 94,030 people live in Nash County. The county covers an area of 540 sq. miles with a population density of 147 people per sq. mile.²
- The population is 52.4% urban and 47.6% rural.³
- There are 6,250 veterans living in Nash County. 45% of veterans (2,825) are 65 or older.
 - 32.7% of veterans (2,044) served in the Vietnam War Era only, and make up the largest subgroup of veterans by period of service.⁴
- 12.1% of the population under age 65 has a disability.

- During the 2018-2019 school year, one school in Nash County received an 'A' ranking, one school received a 'B', 10 received a 'C', 8 received a 'D', and 8 received an 'F'.
- 10 schools met and 4 schools exceeded their academic growth targets for the 2019-2020 school year. 10 schools did not meet their growth targets.
- 13 schools were classified as 'low-performing' following the 2019-2020 school year.

Economically Disadvantaged Students

- 11,022 students in Nash County relied on free lunch services and 696 relied on reduced lunch services during the 2019-2020 school year.
- 76.46% of students were identified as economically disadvantaged based on enrollment in free and reduced lunch programs.

Figure 17: Nash County EDS

- There are 14 schools where more than 90% of students are economically disadvantaged.
 - There is one school where 75-89% of students are economically disadvantaged.
 - There are 9 schools where 50-75% of students are economically disadvantaged.
 - There are 2 schools in Nash County where 25-50% of the student population is economically disadvantaged.

Community Health

Key Points

Heart Disease & Stroke

- Heart disease is the second-leading cause of death in Nash County, with an age-adjusted death rate of 182.2 per 100,000. This is higher than the state rate of 159 per 100,000 and the national rate of 178.8 per 100,000.
- Cerebrovascular disease (stroke) is the third-leading cause of death in Nash County, with an age-adjusted death rate of 48.4 per 100,000. This is higher than the state rate of 43.6 per 100,000 and nearly identical to the national rate of 48.5.

Diabetes

- Nash County has a diabetes prevalence rate of 16%, a 1% increase from 14.9% in 2020 (DataUSA, 2021).

- Diabetes is the seventh-leading cause of death in Nash County, with an age-adjusted death rate of 28.4 per 100,000 people. This is higher than the state average of 23.6.

Obesity

- The adult obesity prevalence rate is 38.1% (DataUSA, 2021).

Maternal & Child Health

- The infant mortality rate in Nash County was last measured in 2016 at 8.6 deaths per 1,000 live births. This is higher than the state rate of 7.2 deaths per every 1,000 live births.
- 2.0% of babies in Nash County are born with a very low birth weight (<1500 grams) and 9.2% are born with a low birth weight (<2500 grams).

Healthcare Access

- 89.9% of the population has health coverage (DataUSA, 2021).
 - 43.7% are on employee plans.
 - 19% are on Medicaid.
 - 12.7% are on Medicare.
 - 12.9% are on non-group plans.
 - 1.57% are on military or VA plans.
- There are 171 licensed physicians in Nash County, or 18 per every 10,000 people (AccessNC, 2020).
- Primary care physicians see an average of 1,774 patients per year (DataUSA, 2021).

Mental Health

Figure 18: Nash County Mental Health & Mental Disorders

SCORE	MENTAL HEALTH & MENTAL DISORDERS	MEASUREMENT PERIOD	UNITS	NASH COUNTY	NORTH CAROLINA	U.S.
2.05	Mental Health Provider Rate	2017	providers/ 100,000 population	109.6	215.5	214.3
1.80	Poor Mental Health: Average Number of Days	2016	days	4.1	3.9	3.8
1.45	Depression: Medicare Population	2015	percent	16.4	17.5	16.7
1.35	Frequent Mental Distress	2016	percent	12.9	12.3	15.0
1.23	Age-Adjusted Death Rate due to Alzheimer's Disease	2012-2016	deaths/ 100,000 population	25.6	31.9	26.6
1.20	Alzheimer's Disease or Dementia: Medicare Population	2015	percent	9.0	9.8	9.9
1.13	Age-Adjusted Death Rate due to Suicide	2012-2016	deaths/ 100,000 population	10.7	12.9	13.0

- There are 109.6 mental health care providers for every 100,000 people in Nash County. This is much lower than the state average of 215.5 providers for every 100,000 people.

Impact of COVID-19^{23 24 25}

- As of August 2021:
 - There have been 11,833 confirmed cases of COVID-19 since the onset of the pandemic.
 - There have been 202 deaths attributed to COVID-19.
 - 43.9% of the population is fully vaccinated.²⁶
