OUR PARTNERSHIP FIGHTS

CHILD HUNGER IN THE TRIANGLE

Nearly 500,000 children are at risk of hunger in North Carolina, the 10th hungriest state in the nation. That means 1 in 5 kids are food insecure.

Inter-Faith Food Shuttle takes a holistic “Feed, Teach, and Grow” approach to child hunger through meal delivery as well as community health and gardening education.

BackPack Buddies provide six meals and two snacks at 90 school sites for children to eat every weekend during the school year. School Pantries create a welcoming and convenient space for students, their families, and the surrounding community to access nutritious food.

Your participation directly supports the Food Shuttle’s new Child Food Hub, a dedicated 7,000 sq. ft. facility in Durham, to increase the impact of these Child Hunger Programs. In the next five years, this space will grow Backpack Buddies by more than 50% and increase School Pantries by 44%.
